Subject: Intent to Award Notice – Bear - Dixie Conifer Thinning Project Contract

Dear Mr. Morris:

The Grant Soil and Water Conservation District (District) opened bids for the supply of services to implement the Bear - Dixie Conifer Thinning Project at 3:00 PM (PST) on December 5th, 2025. Upon District review, Morris Forestry LLC was determined to be the apparent successful bidder for the Project. This letter constitutes notification of intent to award the Bear-Dixie Conifer Thinning Project Contract to Morris Forestry LLC.

Based on our conversation regarding starting the project next year, please remit the necessary Performance Bond and separate Payment Bond as well as required proofs of insurance prior to beginning work. The District will only issue the Notice To Proceed once the proofs of insurance have been verified as adequate and the bond has been executed in favor of the District to ensure faithful performance of the Contract and payment for services and goods.

Enclosed is a copy of the Project Contract. Please review, sign, and return the Contract signature page to the District within twelve (12) calendar days from the date of this Intent to Award Notification. Upon receipt of the signed Contract, the District will fully execute the Contract and return a copy to you with a formal notice to proceed.

Your primary contact for this Project will be Tyler Bales, who may be reached at 541-910-8238.

The District is looking forward to working with you on a successful project.

Sincerely,

Kyle Sullivan
District Manager
